Corner Shower – Right Hinging

VIEW FROM OUTSIDE OF SHOWER

NOT TO SCALE
All dimensions in MM

The drawing shows three side views of a corner shower unit. The leftmost view is a side profile with dimensions: 30 (top left), 796 (height), 2096 (width), and 2087 (depth). The middle view is a front view with dimensions: 600 (height), 80 (width), and 2087 (depth). The rightmost view is a side profile with dimensions: 30 (top right), 280 (height), 2096 (width), and 30 (bottom right). A hinge cutout detail is shown on the right, with dimensions: 18mm (Bracket Hole), 12mm (Handle Hole), and R10 (Radius). The hinge cutout is a rectangular opening with a radius of 10mm, and the handle hole is a circular opening with a diameter of 12mm. The bracket hole is a rectangular opening with a width of 18mm. The hinge cutout is located on the right side of the unit, and the handle hole is located on the left side of the unit. The bracket hole is located on the top right corner of the unit. The dimensions are in millimeters (mm).

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
