The diagram shows a rectangular room with a width of 12 units and a height of 13 units. The room is labeled "F I X E D" vertically on the left wall. A door is located on the right wall, with a width of 30 units and a height of 200 units. The door is positioned 996 units from the top-left corner and 1196 units from the bottom-left corner. There are two circular objects, one at the top-right corner and one at the bottom-right corner, each with a radius of 13 units. The room is shaded light blue, and the walls are light gray.
